

ALLIED TRAP TIGHTENED ON ROMMEL

SPRING THAW SLOWS ACTION ON RED FRONT

Moscow Reports No Essential Changes on Any Battle Lines.

By The Associated Press
MOSCOW, March 31.—The spring thaw has slowed the action on the long Russian front today again, opening a monotonous keynote: "No essential changes occurred on the front."

After a week has gone by now, the major-scale activities have been waged in the battle zone, although there still are reported sharp clashes in various sectors.

Soviet fighters on the western front, pushing slowly into the German positions on the distant approaches around Smolensk, were able in the thick mud and slush to carry out only scouting operations yesterday, it was said, but the Soviet noon communiqué announced that south of Bely an attack with cold steel and hand grenades won the Russians a sector of German trenches, with about a company of the German defenders wiped out.

150 Germans Killed
In the continuing battle for the Donets river valley positions east of Kharkov, Russian scouts killed 150 Germans attempting to find a new crossing over the river, the war bulletin declared.

Red army artillery also was credited with destroying four German tanks and dispersing a battalion of German infantry in a bombardment of enemy forces concentrating in apparent preparation for another river crossing.

It was in this sector, the Russians said, that the Nazis yesterday renewed furious assaults, after a comparative lull, and the renewal cost them 500 officers and men killed in land battles, and 15 planes shot down.
(The effect of United States war material and food on the Russian front is making itself felt, Maj. Gen. A. M. Korolev, chief of Soviet transport in Iran, said yesterday at Teheran as he greeted American engineers and crews who operated the first all-American train carrying U. S. war supplies to Russia from a Persian Gulf port.)

Set Red Losses
(From the German radio came a claim the Russians had lost 64,000 men killed and taken prisoner in five weeks of Marshal Semyon Timoshenko's drive south of Lake Ilmen with Staraya Russia as his objective. The German broadcast was heard in London by The Associated Press.)

2 YOUTHS AND GIRL ABDUCTED, ROBBED

Three Chicago Toughs Held, Two More Sought.

By The Associated Press
CHICAGO, March 31.—Two youths and a girl, members of a well-known, socially prominent family, were kidnapped and robbed today by five young toughs, one of whom, Police Chief Frank J. Connelley said, had been captured by police and released by the girl as among her protectors.

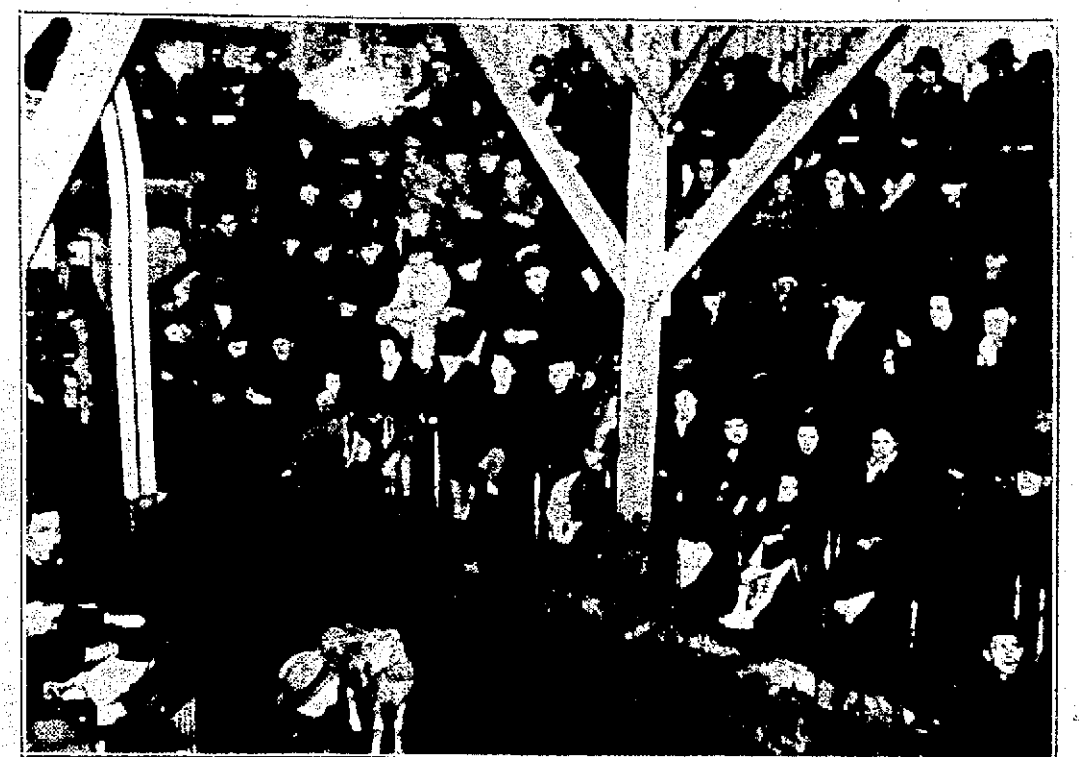

Of the kidnapping who was released as police from the Chicago to the Wisconsin state police, the hunt were: John P. Piche, 18, heir to a \$800,000 coffee fortune; Stanton Armour, 18, son of Ogden Armour, a banking magnate, and son of Commander Lester Armour.

Clayton J. 18, son of Kent J. St. Louis, a wealthy plumbing superintendent, was abducted in Lake Forest, a suburb north of Chicago, where the kidnapping occurred.

The three captives were taken to a Chicago police bureau while the third was being taken to a police station in Chicago where the three captives were taken.

The three captives were taken to a Chicago police bureau while the third was being taken to a police station in Chicago where the three captives were taken.

At Marion County War Bond Auction

Part of the crowd at Marion county's livestock war bond auction last week is shown in the photograph above. Buyers who crowded both sides of the stadium-like auction room of the Marion County Stock Yards went away from the event with war bonds totaling \$27,000. At the lower left, facing the camera, is Auctioneer Wickersham, and in the arena is a sheep that was "sold" and given back more than a score of times, netting \$1,000. The event was sponsored by the agricultural committee of the county war bond committee, headed by A. J. Loudenslager.

RECESS LIKELY FOR CONGRESS

Lay-off Will Give Members Time To Check Up on Public Attitude on Tax.

WASHINGTON, March 31.—Senate Majority Leader Barkley today said it is possible a two-week recess for congress at Easter, now that the tax situation has become dormant.

The pay-as-you-go tax fight is only sleeping, not dead, but Barkley said after a general survey of the legislative picture in a White House conference that if the situation permits, a recess would be helpful in letting members of congress get in touch with conditions at home and abroad.

Conditions at home and abroad were topics at OWI Director Elmer Davis' press conference, where he spoke encouragingly of the fighting in Tunisia and also predicted that meat supplies, now rationed, will be spread more evenly about the country within a very short time.

Other developments included a consumers' protest against the Peace Farm parity bill.

The opposition to the Peace Farm labor costs-in-parity bill came from Colston E. Warner, who said he as president of Consumers Union of U. S. Inc. spoke for 30,000 organized customers.

Warner asked a senate agriculture subcommittee to reject this house-approved measure as one which would "cost consumers billions of dollars" in added food costs.

Peace emissaries of the American Federation of Labor and the Congress of Industrial Organizations met for a renewed attempt at reconciliation in a meeting regarded as a resumption of conferences held last Dec. 1 and 2.

A Russian-American conference on current and post-war issues was projected into the very near future by President Roosevelt, although any specific date as to where or when it will be held and who will attend remained undisclosed.

Mr. Roosevelt made it clear he and British Foreign Secretary Anthony Eden would be present.

ACCIDENT FATAL TO CRAWFORD CO. MAN

Truck Driver Dies in Crash Near Crestline.

Special to The Star
CRESTLINE, March 31.—Walter Eugene Pine, 24, of New Washington, was killed instantly when a truck belonging to the North Central Ohio Egg Auction company was struck by a south-bound Big Four passenger train at 7:15 p. m. yesterday at the crossing on the Hook road two and one-half miles northeast of Crestline.

Mr. Pine was born Nov. 12, 1918 in Seneca county to William and Ella Willford-Pine. Surviving are the widow, Mrs. Bertha Lutz Pine, a daughter, Jane Ellen, aged 22 months, the parents living at New Washington, four brothers and six sisters.

The body was removed to the Robert F. Beck funeral home here and later removed to the home at New Washington.

JUDGE CROW FUNERAL ARRANGEMENTS MADE

Services To Be In Lima and Kenton Thursday.

Funeral services for Judge Phil M. Crow of the district court of appeals will be held at 10 a. m. Thursday in Lima and at 3 p. m. in the Schindewolf funeral home in Kenton. Dr. Homer C. McMillen, pastor of the First Presbyterian church in Kenton, will officiate for the Kenton services. Burial will be in Grove cemetery at Kenton.

The services at Lima will be held in Judge Crow's home at 631 West Market street. Both services will begin on fast time.

Judge Crow was stricken suddenly Tuesday night in the Argonne hotel in Lima. He was serving his sixth consecutive six-year term as judge on the Third district court of appeals.

A large delegation of members of the Marion County Bar association, local judges and other friends are planning to attend the rites.

IT'S FINAL DAY FOR OLD 1942 LICENSES

Rush of Buyers for New Auto Stickers Under Way.

Hundreds of Marion auto owners who had failed to secure windshield stickers—the 1943 wartime version of motor vehicle license plates—thronged the office of Deputy Registrar James E. Messinger today to obtain stickers before midnight.

Motor cars, trucks and motorcycles operating without stickers tomorrow will face arrest, Mr. Messinger cautioned.

This morning he said total sales to date were about normal in comparison with other years. Last year over 8,800 sets of plates were sold to passenger car owners. In addition about 800 truck plates were sold, he said.

Slightly fewer stickers for both types of vehicles will be sold this year, Mr. Messinger predicted. He said quite a few trucks assigned to war plants in this area a year ago have been removed to other sections.

To assist in last minute sales today eight women are assisting with sticker sales in the office in the Masonic Temple building on West Church street. Mr. Messinger said the office would close at 5 p. m. reopen at 7 and remain open until 9.

Heavy sales were also reported by deputy registrars in Marion county villages.

C. W. Wallace, registrar of motor vehicles for Ohio, reported to The Associated Press in Columbus that the 1943 sales would approach 2,270,000 in 1942.

EIGHT KILLED IN BLAST
By The Associated Press
CAMP SWIFT, Tex., March 31.—An explosion in the course of demolition exercises yesterday killed a lieutenant and seven enlisted men and injured five other soldiers. Names of the casualties were withheld.

BUS USE BANNED
WASHINGTON, March 31.—Special buses may not be used for transportation of baseball teams during the coming season, the office of defense transportation ruled today. Director Joseph B. Eastman said, however, baseball teams could use existing public transportation facilities.

PENSION PLAN GOES TO HOUSE

Senate Votes Retirement Plan for Judges of Ohio Courts.

By The Associated Press
COLUMBUS, O., March 31.—A proposed retirement system in which a judge, earning \$12,000 a year, could be pensioned on \$8,000 annually was placed in the hands of the Ohio house of representatives today after the senate reversed itself and approved the bill.

Opponents, who compared it with the ill-fated congressmen's pension bill, predicted it would be killed by the house.

The measure was approved by the senate, 15 to 13, upon reconsideration of the action by which the bill was defeated by one vote last week.

The approval followed passage of another bill appropriating \$1,000,000 to continue payment of pensions from the public employees' retirement system, which has an actuarial deficit of \$5,000,000.

Vote is 87 to 30.
The house, meanwhile, voted 87 to 30, to abolish the \$5 a day fee paid to county commissioners for inspection of drainage ditches, and voted down a motion to reconsider the defeat of a bill allowing Christian Science practitioners to charge fees.

The house also approved and sent to the senate a bill under which the state government at an estimated cost of more than \$350,000 a year would take over the expense of maintaining, clothing, transporting and burying inmates of institutions for the feeble-minded. The expense now is borne by the counties.

Frank E. Whitmore, Republican floor leader in the senate, expressed belief that a judges' retirement system "would not cost the state much, if anything."

While the judges would contribute 4 per cent of their salary to the retirement fund, if they were defeated, the cost would be borne by the state.

While the judges would contribute 4 per cent of their salary to the retirement fund, if they were defeated, the cost would be borne by the state.

Second Major Test of Ohio Air Raid Defense Mapped

Crawford, Wyandot and Harrison Counties Listed in District.

By The Associated Press
COLUMBUS, March 31.—The second major test of Ohio's defenses against possible night air raids will be staged April 8, with the backing out of at least 19 Ohio counties, Ralph H. Stone, state defense director, announced today.

Stone said these counties covering a 9,600-square mile area and with a population of about 750,000 persons had been inspected and approved for participation in the blackout.

Ashland, Auglaize, Crawford, Carroll, Fulton, Hancock, Harrison, Holmes, Mercer, Paulding, Putnam, Richland, Stark, Tuscarawas, Van Wert, Wayne, Williams and Wyandot.

Allen county will be rechecked to determine if it should be included while Bryan in Williams county has been excluded from the test because it failed to pass inspection, Stone declared.

Stark county's war plants will black out to test the efficiency of shrouding precautions, but factories in other counties will not be required to take part in the test, the defense chief asserted.

The new air raid warning signals first tested in the March 4 blackout of 30 northern Ohio counties will be used.

The signals, times (all eastern war time) and what is expected of the public when each is sounded:

Test warning No. 1—Time 9:03 p. m. This signal will be given only to key members of the local defense corps.

Test warning No. 2—Time 9:25 p. m. This warning will be given by a long steady blast on an air raid siren or whistle for a period of two minutes. Civilian defense corps will mobilize. Homes, business houses and street lights will be blacked out. This signal will mean that planes are approaching.

Test warning No. 3—Time 9:40 p. m. This warning that planes are overhead will consist of a series of short blasts on horns, or whistles, or the wailing of sirens. All remaining lights must be blacked out. Traffic will be halted.

Test warning No. 4—Time 9:50 p. m. This warning that planes are overhead and that civilians in the area must take such action as they may return. It will consist of a long, steady blast on sirens, whistles or horns. Homes, business places and street lights remain blacked out. Pedestrians may proceed with caution. Traffic may move at reduced speed with lights on low beam.

Test warning No. 5—Time 9:55 p. m. The "all-clear" signal will be passed on to the public by long blasts from police or warden's whistles, possibly by street lights, the switching on of street lights.

REPORTS \$180 STOLEN
William Sauter, of 660 1/2 West Center street reported to police at midnight last night the theft of nine \$20 bills from the pocket of his shirt while he was asleep in his room between 6:30 and 9:30 p. m. Tuesday.

Lone U. S. Flying Fortress Blasts Japanese Destroyer

A lone American flying fortress, attacking in pitch-black night, was officially credited today with probably sinking a large Japanese destroyer and putting three others to flight in the waters off northern New Guinea.

By The Associated Press
"It is believed that any attempt to deliver supplies failed," Gen. Douglas MacArthur's headquarters said, referring to the exploit which occurred in the area where allied forces destroyed a 7,000-ton Japanese convoy early in March.

Other allied warplanes pounded the Japanese bases at Lae, Salamaua and Finschhafen in New Guinea, and dropped 1,000-pound bombs on the enemy base at Gasmata, New Britain.

A single allied reconnaissance plane, flying over the Bismarck sea between New Guinea and New Britain, was reported to have shot down four of nine Japanese planes in a running battle. The allied plane returned safely to its base.

On the Burma-India front, RAF fighter planes were reported to have damaged 13 of 22 Japanese bombers and fighters attempting to attack an allied air base in Bengal province, India.

At least five of the enemy planes were listed as "probably" destroyed.

RAF bombers flying from India attacked the Japanese along the Bay of Bengal coast, north of the big enemy base at Akyab, a communiqué said.

BRITISH, U. S. FORCES GAIN ON 2 FRONTS

First Army in North Also Begins Coordinated Attack on Germans.

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, March 31.—British Eighth Army veterans, pushing the defeated forces of Marshal Erwin Rommel relentlessly across an open and barren plain under a fiercest air attack, have swept Guderer's army in the Gabes gap, the British First Army in the north has captured Sedjenane and Americans in the center have moved up a notch on the enemy's flank, it was announced today.

Capturing Metoula, eight miles north of Gabes, the Eighth Army of Gen. Sir Bernard L. Montgomery swung on to Oudjed, four miles farther along the road, and then continued to drive northward with nothing to halt the onrush but hastily erected defenses.

Gen. Dwight D. Eisenhower's headquarters said. British infantry and Moroccan units of Lieut. Gen. K. A. N. Anderson's First Army took Sedjenane, 40 miles west of Bizerte, after an advance of about seven miles from the Diebel Abiod area.

Meanwhile the forces of Lieut. Gen. George S. Patton Jr. made a slight advance through dense minefields in the scarred hills east of El Gueitar.

The British in taking Oudjed and Metoula, however, had seized the junction of the road leading from El Gueitar and Gabes with the main coastal highway, and the axis position in front of Patton appeared to be wholly untenable.

The fact the Americans encountered mostly Italians in their advance was taken here as indicating the axis command is retreating back most of its effectiveness in an effort to avoid being nibbled on the flank.

The Eighth army's crush and the Americans' dozed hammering 45 miles to the northwest was squeezing Rommel's forces farther back into a bottleneck between small salt marshes north of the Chott Djerid and the sea.

Reports from the front said the Americans finally had crossed the German minefields and had captured 200 prisoners.

Montgomery's men, wiping out enemy units in hurriedly thrown up trenches and outer defenses, were compelling Rommel to continue his retreat almost entirely to the coastal highway, flanked by the sea at a distance of only about five miles on the east and desert and marshes on the west.

(Algiers radio broadcasts said the British navy was continuing to harass the axis retreat by dropping shells into the coastal road.)

The first 40 miles of Rommel's route toward Stax, some 70 miles up the coast, were barren sand, and each mile pushed the beaten Germans and Italians into a narrowing corridor.

Meloula Taken
The sweep of Gen. Sir Bernard L. Montgomery's forces in chasing Marshal Erwin Rommel northward also took Metoula, eight miles north of Gabes, in its net.

The pursuit was taking place, the communiqué said, despite the hastily erected defenses that had been encountered.

The Americans of Lieut. Gen. George S. Patton Jr. battering their way eastward into Rommel's flank from their Gabes base, continued their advance through minefields, the communiqué announced.

Prisoners were taken in the smash-through Gen. Jürgen Von Arnim's northern positions.

The capture of Sedjenane marked up an advance of nearly seven miles for the British from Diebel Abiod. Sedjenane is only about 25 miles from Bizerte, the Tunisian naval base.

Allied air power continued to be exerted strongly, the communiqué said, following up the announcement of the British and American air forces yesterday that it would follow "non-stop annihilation tactics" once Marshal Rommel's lines broke.

Night bombers were reported particularly active in the north.

U. S. PLANES ATTACK JAP SHIP AT MAST LEVEL

One So Low Section of Wing Torn Off.

By The Associated Press
WASHINGTON, March 31—American fighter planes attacking at such low altitude that one craft lost a three-foot section of its wing against a mast, straddled and set afire a Japanese destroyer in the northwestern Solomon Islands Monday, the Navy reported yesterday.

The damaged plane and all others in the operation returned safely. They were credited with setting afire five to seven Japanese planes in addition to the damage inflicted on the destroyer.

Faust Island lies in the western part of Shortland harbor, an area where the Japs have concentrated.

Recipe for Making Munitions at Home!

—Pan drippings
—Grease left over from frying
—Used shortening
—Fat skimmed off soup
—Grease from stews

Pour waste grease into a can—at rate of one tablespoon a day or more. When can is full, take it to your meat dealer. He will send it on its way to make gunpowder to load the guns for our boys overseas. The need for waste fats is urgent—act now.

Approved by the War Production Board.

War Gardens And War Bonds

There is a definite part in the war effort for everyone this year. Many are fortunate enough to have available ground for a garden—and what a valuable contribution to the food supply those gardens can make! Those who do not have garden space can continue to buy War Bonds. If we each do our part it will take less time to achieve that final victory—with "Unconditional Surrender."

MARION FEDERAL SAVINGS & LOAN ASSOCIATION

134 E. Center St.

WHAT DOES THIS MEAN TO YOUR SAVINGS?

THE EMBLEM OF OUR MEMBERSHIP IN THE FEDERAL HOME LOAN BANK

BECAUSE YOUR CASH RESERVES are meant for emergency use, a true savings institution must provide for such conditions. Recognizing this fact, management provides for normal withdrawals and the monthly repayable loan furthers this ability—even though our method of reinvesting funds requires long-term savings. Membership in the Federal Home Loan Bank serves as an extra line of credit and adds flexibility. That's why saving here combines the convenience of "ready cash" and the good return of a long-term investment.

Canada's Third Party Seen As Possible Pattern for U.S.

By GEORGE GALLUP
Director, American Institute of Public Opinion

PHILADELPHIA, N. J., March 31—What is happening along the political front in Canada may hold an important lesson for political experts in the United States.

On the basis of Canadian Institute findings, there is strong evidence that Canada's traditional two-party system is at an end—at least for the present—at the rate of a third party.

This third party, which within the past year has become nearly as strong as the two traditional parties, is the Cooperative Commonwealth Federation, or CCF Party.

Drawing most of its strength from the Liberal Party—the equivalent of our Democratic Party—the CCF now shows up in institute polls as ranking within four percentage points of the Progressive-Conservative Party, the institute polls find.

The heavy loss of strength by the Liberal Party in Canada may foreshadow a schism in the ranks of the Democratic Party in this country, since the parties are alike in containing strongly divergent elements within their ranks.

In institute studies in this country, the Republican Party has over the years shown far more cohesiveness among its rank and file than has the Democratic Party, which is even now suffering the strain of violent internal conflict between its New Deal and conservative elements.

Whether dissension within the ranks of the Democratic Party will become serious enough to bring about a major split is, of course, impossible to say right now, but drawing upon the Canadian parallel, it appears that in any third party movement the Democrats stand to lose much the greater strength.

Just what the splitting off of the labor elements, for example, could mean to Democratic chances was dramatically illustrated in the New York gubernatorial race of last fall, when Dean Acheson, under the American Labor party banner, carried 10 per cent of the total vote. The consequence of labor's split from the conservative elements of the Democratic Party in this case was to increase the Republican margin of victory considerably.

The rising strength of the CCF, organized in 1932 with the merger of various socialist and farmer groups, is shown in following table:

	1910	Jan. 1912	Sept. 1912	Dec. 1912	Latest
Liberal	55%	55%	39%	36%	32%
Prog.-Cons.	31	30	33	24	27
CCF	8	10	23	23	23
New Dem.	3	—	6	—	—
Bloc Populaire	—	—	—	—	—
Others	3	5	11	10	4
	100	100	100	100	100

*Not polled as separate party, support being included under "others."

In the United States, the last significant third party movement was that involving William Lemke and the Union Party, in 1936, which drew about two per cent of the total presidential popular vote.

Highmarks in U. S. third party history were those of Robert La Follette Sr., who, with his Progressive Party back in 1924 drew 17 per cent of the vote cast in the presidential elections, and Theodore Roosevelt and the Bull Moose Party of 1912, which polled 27 per cent of the total vote.

Students To Take TB Tests

Tuberculin Skin Testing Program To Be Conducted in City and County Schools Next Month.

Tuberculin skin tests to determine the possible presence of tuberculosis germs will be offered to approximately 2,400 Marion city and county school pupils beginning April 12 and continuing through April 16 under the supervision of the Marion county chapter of the Anti-Tuberculosis League and the county health department.

The tests (financed from the proceeds of Christmas seal sales in Marion last year, will be open to about 1,000 first grade students in the city public and parochial schools, and the county schools. Fourteen hundred juniors and seniors in the county also will be permitted to take the test if they did not receive tests in the check-up made last year.

The skin test, one of the most often used examinations for checking for presence of tuberculosis germs in the body, is made by injecting a specially-prepared laboratory fluid into the arm, leg or back. If in two days either a raised or red spot appears, the test is positive.

A positive reaction necessarily does not indicate an active case of tuberculosis. The germs may be present but may be doing no harm.

Discloses Chronic Cases

However, and here is the virtue in the skin test program, a positive test may reveal a case of chronic tuberculosis. A person with a positive test may be living in the same home with a person who is infected but is unaware of the disease. This roundabout system is referred to in medical circles as the "case finding method."

Throughout the city and county public and parochial schools this week permit cards and letters to parents are being distributed. Before a child may be given the test written permission must be turned over to cooperating school and county health department officials.

While the tests will be confined chiefly to first graders and junior and senior students, any other student may also receive the test by requesting a parent's signature card from school officials, a member of the health department staff said.

Dr. N. Siffritt, county health commissioner, will be in charge of the testing program. He will be assisted by a corps of six nurses including five regularly employed in the county health office. Dr. W. J. Smith of the state department of health will also assist.

Number of Cases

A map on display in the office of Dr. Siffritt indicates the number of cases of tuberculosis in Marion city. To illustrate the four types of tuberculosis four colors have been selected. The types are (1) active pulmonary tuberculosis, (2) in sanatorium cases, or cases being treated in

You Should Know These Facts...

THEY WILL SAVE YOU MANY SHOE DOLLARS

On March 13, 1942, by Government regulation, all top-grade and heavier weights of sole leather were withdrawn from civilian use. The truth is, all the best leathers have been going to our armed forces and Lend-Lease for more than a year. Our manufacturers inform us that the sole leather used in our shoes is the best quality now permissible for civilian use. We believe you cannot get better soles nor greater service-value, no matter how much you pay for your shoes.

As far as wear is concerned, the difference between NOBIL SHOES and shoes selling at a much higher price, now narrows down to the vanishing point. Take this into consideration when you decide to spend stamp No. 17, and NOBIL'S will save you many shoe-dollars.

To you who have always been our patrons and are familiar with NOBIL values, we say—there is little or no reason to abandon your accustomed price-grade. To those in the habit of paying luxury prices for shoes, we suggest that it may not be sound spending to pay "extra" for wear which, under the circumstances, you cannot get.

For FIFTY YEARS our friends and patrons have benefited by our constant concern for value-giving. Now, as always, value-giving is our chief concern. NOBIL SHOES are eminently worthy of your No. 17 stamp, judging by any standard of service-value or smart styling.

With Spring just around the corner, you are naturally thinking of new footwear for the new season. A very wide and interesting selection of styles, colors, and materials awaits your inspection at NOBIL'S.

Social Affairs

PLANS were discussed for a picnic party in the near future at a called meeting of Zeta Theta chapter, Alpha Iota society, last evening at the Y.M.C.A. Other business included plans for a picnic in the benefit card party to be sponsored by Alpha chapter, Gamma society, the evening of April 11, at the Y. The proceeds of the party will be used to finance the turning of the propeller for the Y.M.C.A. building. Arrangements for the picnic party will be made by Miss Anna Marie Spaulding, secretary, and the committee will be Mr. Irene Hill, pledge captain.

A surprise shower was given for Mr. and Mrs. Harold McKee, who were married March 23, in their home at 300 West Columbia street. The party was given by relatives and friends. Cards were given at the party which held two large wedding cakes decorated in pink, blue, white and yellow. Each was topped by a miniature bride and groom. The honored couple received a number of gifts. Present bearers Mr. and Mrs. McKee were J.

NEWS FROM OUR BOYS

LT. CLAVIS J. Altmaier, Jr., of Dr. and Mrs. C. J. Altmaier of 424 South Prospect street, has been transferred from Camp Grant, Ill., to Camp McCoy, Wis., where he is chief of the medical service. Lt. and Mrs. Altmaier and their son made their home in LaCrosse.

The Star has received a letter from James E. Rasmussen, torpedo man third class, stating that although he is approximately 2,000 miles from home he receives The Star regularly. He also said that he has met Lt. Robert Stout of Marion. Rasmussen is the son of Mr. and Mrs. Edward E. Rasmussen of 350 Oak street and Lt. Stout is the son of Mr. and Mrs. Alvin C. Stout of 402 Avondale avenue.

Three Marion men and a Delaware man were among a group of inductees recently sent from the reception center at Ft. Hayes, at Columbus to training camps throughout the country, according to a list released from Ft. Hayes. They are Pvt. Jack L. Graham of 430 Davis street and Pvt. Arthur W. Corbin of 337 West Columbus street, sent to the infantry replacement training center; Pvt. George C. Mahan of Scott Ordnance Plant and Pvt. Charles B. Johnson of Delaware to Camp Davis, N. C.

Mrs. Viola Hardin of LaRue has received word that her son Henry M. Hardin, has been promoted to private first class. He is located at Lincoln Air Base, Lincoln, Neb., as a ground crew mechanic. He was also appointed chief barracks leader.

Four Marion men have been sworn into the Navy and are undergoing recruit training according to word from the U. S. Naval Training Station at Great Lakes, Ill., where they will receive 12 weeks of instruction. They are: William C. Craft, 18, son of Mrs. L. B. Craft of 900 Bellefontaine avenue; Chris J. Caserta, 19, son of Mrs. Antonia Caserta of 521 North Prospect street; Richard W. Shields, 17, son of Mr. and Mrs. A. M. Shields of 202 1/2 N. Main street; and William H. Weaver, 18, son of Mr. and Mrs. J. M. Weaver of 427 Uncapher avenue.

Pvt. Donald C. Biederman, son of Roy Biederman of 556 Blaine avenue, has arrived at the basic training center, Army Air Forces Technical Training Command at Atlantic City, N. J., according to word received from there.

Pvt. Robert Krider has been transferred from Vancouver Barracks, Wash., to Fort Lewis, Wash., according to word received by his parents, Mr. and Mrs. O. A. Krider of York street.

Cpl. C. W. Egnor has just returned to Camp Breckinridge, Ky., after spending a seven-day furlough with his wife, Mrs. Betty Thomas Egnor of 141 North Prospect street.

Pte. John E. Smart, son of Mr. and Mrs. J. O. Smart of 873 Woodrow avenue, has arrived at the Army Air Forces technical training command post at Scott Field, Ill., where he will receive an intensive course in radio operating and mechanics to fit him for duty as a member of a fighting bomber crew, according to a report from the public relations office at Scott Field.

WILBUR A. CURTIS, of Marion has been sent from Ft. Thomas, Ky., to the Electric Armory division in Camp Pike, La., according to word received from the Public Relations office at Ft. Thomas.

Mrs. Charles R. Payne of 429 Windsor street has just received word that her son, Lt. Dale H. Butcher, has been promoted from second lieutenant to first lieutenant. Lt. Butcher, stationed at Barksdale Field, La., has just spent a seven-day furlough with his parents, Mr. and Mrs. J. H. Butcher of Whitefield, Md.

Roy Jacobs, who recently was inducted into the U. S. Navy, is stationed at the U. S. Naval Training Station, Great Lakes, Ill. He is the son of Mr. and Mrs. Ernest G. Jacobs of 628 Davis street.

Cpl. Technician William O. Robertson Jr. has returned to camp on the coast in California, where he is stationed with a tank destroyer battalion, after spending a furlough with his parents, Mr. and Mrs. William O. Robertson Sr. of near Richmond.

Pvt. Don W. Phillips, son of Mrs. Genoa Phillips of 467 Olney avenue, has been transferred from Ft. Benjamin Harrison, Ind. to Camp Wheeler, Ga., according to word received by his mother.

Prospect—Mrs. John C. Gray of Prospect has received word that her brother, Herbert E. Phillips, has been transferred from Ft. Benjamin Harrison to Camp Bowie, Tex., in a tank destroyer battalion. He is the son of Mr. and Mrs. Eugene Phillips, 701 Wood street, Marion.

Two New Ships Named for U. S. Navy Heroes
By The Associated Press

PHILADELPHIA, March 31—Two new destroyer escorts, one named for an enlisted man who lost his life on the Battleship California in the Pearl Harbor attack, and the other for an officer killed in the Pacific area late last year, will be launched Saturday at the Philadelphia navy yard within 10 minutes of each other.

The ships are the Scott, named for machinist's mate first class Robert Raymond Scott, and the Burke, named for Lieutenant Commander John Edward Burke.

The Scott will be sponsored by Mrs. George McBride of McKeesport, Pa., mother of five navy men. Mrs. Edgar L. Scott of Masonville, O., originally was scheduled to christen the ship in honor of her son.

The Burke will be sponsored by Mrs. Miriam Katherine Burke of Baltimore, Md., widow of Commander Burke. Machinist's Mate Scott has been awarded posthumously the Congressional medal of honor.

and Mississippi Girl Take Vows

MR. AND MRS. W. C. BAGGINS of Marion, Mo., are announcing the marriage of their daughter, Jean Marie, to Lt. Charles T. Baggins, son of Mr. and Mrs. W. C. Baggins of LaCrosse, Wis.

The wedding took place at the home of the bride's parents, Mr. and Mrs. W. C. Baggins, on Monday, March 23, 1943.

The bride is a graduate of Marion High school. Lt. Baggins was graduated from the LaRue High school and attended Ohio university. He volunteered for service in the armed forces in March 1941 and received his commission at Fort Benning, Ga., in October 1942 when he was stationed with parachute troops.

The bride is a graduate of Marion High school. Lt. Baggins was graduated from the LaRue High school and attended Ohio university. He volunteered for service in the armed forces in March 1941 and received his commission at Fort Benning, Ga., in October 1942 when he was stationed with parachute troops.

When the couple left on a wedding trip to New Orleans, the bride was wearing a suit of Kelly green, sheer wool with lace and a white sash.

Surrounded by peach blossoms, lovely Nancy Bruckman, 19, is shown after she was selected as Southern California's Spring Blossom Girl. Nancy comes from Los Angeles. Sorry no phone number available.

Music Festival Given at Kirkpatrick School

Special to The Star
KIRKPATRICK — The annual music festival was given in the school gymnasium Friday in the form of a typical music day with Miss Estella Timberlake, music supervisor, as director. The following program was given:

Group of favorite songs and service songs by the Junior High chorus, clarinet duet by Gwynn and Phyllis Beers; monotone drill, rhythm work, sight reading and songs by Grades 1, 2, 3, 4 and 5; selections by the orchestra; three numbers by the mixed chorus; saxophone solo by Joyce Beers; vocal numbers by a girls' ensemble. The program closed with the entire school singing patriotic songs. Accompanists were Miriam Beers, Hazel, Dobbins and Martha Whitehair.

Closing service of evangelistic meetings at the Clendon and Kirkpatrick Methodist churches was conducted at the Kirkpatrick church Sunday with Miss Lovetta Serrill of Columbus delivering the morning sermon and Rev. Donald Lyon, pastor, delivering the evening sermon. The Southern Gospel Singers, Miss Naomi Marshall and Miss Lovetta Serrill, who had charge of the music, for the four weeks, left Sunday night for Portsmouth, Va., where they will conduct similar services.

The Burke will be sponsored by Mrs. Miriam Katherine Burke of Baltimore, Md., widow of Commander Burke. Machinist's Mate Scott has been awarded posthumously the Congressional medal of honor.

FARM OR FIGHT PLAN DRAFTED

Program Proposed To Provide 25,000 Men To Relieve Dairy Shortage.

By The Associated Press
WASHINGTON, March 31—Thousands were brought to military service today by a compulsory program designed primarily to relieve a shortage of 50,000 men but capable of being extended to all agricultural industries.

The program, announced by President Roosevelt late yesterday, is the first of its kind in the history of the United States. It is a deferred because of age

or minor physical disabilities if they refuse military service.

It also changed the system of releasing soldiers 36 years of age or older to that in the future they can be channelled into and kept at jobs in essential industry and agriculture, subject to recall by the army upon request of the war man-power commission.

The President's announcement, coming as draft boards were beginning to begin tomorrow the reclassification of registrants still in non-defensible jobs, gave emphasis to his recent declaration he would seek to avoid direct and compulsory job-control as long as possible.

The program gave dairy workers a preferred claim on draft deferment exceeding even that recently established for essential farm workers generally, which resulted in such a strong back-to-the-farm movement that some war plans are complaining of losing workers.

But it also provides that experienced former dairy workers between 18 and 28 who have been rejected by the army for physical disability might, if they refuse to return to dairy work, be put up for reconsideration and acceptance for limited service.

Two of the program's seven points provide for former dairy workers above 38 years—including those over 45 and therefore exempt from the draft—to be "urged" to return to dairying in areas where such workers are needed.

Another provision authorizes dairy farmers to take conscientious objectors who have been relieved of draft liability.

The army, under the program, is to stop granting outright discharges after today in releasing over-age men and to transfer them to inactive status in the enlisted reserves, where they will continue to be subject to army orders.

OHIO CADET KILLED
WACO, Tex., March 31—Aviation Cadet Willis A. Schaeffer Jr. of Massillon, O., was killed yesterday in the crash of a training plane near WACO Army flying school.

Use Care With Seed Planting

Associated Press Features

The garden general who gets his Victory Garden off to an early and a healthy start has now at least one-fourth of his summer's battle. Here's how to do it:

First, select disease resistant varieties, as recommended for your locality by a seedsmen or county agricultural agent.

Second, be sure the soil is prepared properly, using sound gardening methods in plowing and fertilizing.

Third, take care in planting seeds.

After the garden has been plowed, raked and leveled, carefully mark off the rows. Place stakes at each end of the plot and use heavy twine to mark straight rows between them.

To plant small seeds, use the end of the hoe handle and make a trench one-half inch deep by dragging it along the twine, from stake to stake. For larger seeds, the trench should be made about an inch deep.

Study the planting directions on seed packets that tell you how deep seeds should be planted, how far they should be spaced in the rows and how far apart the rows should be.

This year, when seeds are extremely valuable, none should be wasted by planting too thickly or too sparsely. Bean and pea seeds should be spaced as the plants are to stand, without thinning. Small seeds such as those of carrots, collards, onions, parsnips, spinach and turnips should be sown three or four times as thick, as the plants are to stand after thinning. In thinning, do it before the plants crowd each other.

Grass Fires Plus High Wind Keep Firemen Busy

Two \$300 Blazes Blamed on Sparks from Bonfire.

Burning Grass.

Leaves and grass fires, whipped out of control by the wind, kept city firemen busy yesterday afternoon and started blazes in which loss was estimated at \$600.

At 1:30 p. m. firemen from the Central fire station were called to Lincoln park to extinguish a grass fire.

Sparks from the flames blew across the street and ignited a berry patch covered with straw at the rear of the Roy E. Stinchfield residence at 761 North Main street.

At 1:55 p. m. the ladder company from the Central station was called to help put out the fire. Loss of the berry patch, which was completely destroyed, was estimated at \$300.

At 1:45 p. m. Mrs. Ida M. Reiter of 437 Park boulevard called firemen to her home where sparks from a bonfire had ignited the garage. The garage was totally destroyed and the house was scorched. Loss was estimated at \$300. Firemen from Central and West Side stations answered the call.

A match thrown into a pile of leaves and grass at the corner of Mt. Vernon avenue and Brightwood drive started a fire at 4:08 p. m. Firemen from the Central station extinguished the fire. No damage was done.

Fire Chief T. J. McFarland issued a warning today cautioning people not to burn leaves, grass, brush or rubbish out of doors on windy days.

MRS. ALMENDINGER DIES NEAR PROSPECT

Funeral Services To Be Held Friday at 1:30 P. M.

Mrs. Hanna Gertrude Almendinger, 56, of near Prospect died in her home on the Gieseking drive at 1:40 a. m. today after an illness of three months.

A resident of Marion county all her life, she was a native of Prospect township born June 12, 1886 to Ames and Laura Wiley Suttler, the father a native of Prospect township and the mother of near Radon, June 16, 1890.

Surviving besides the husband is a daughter, Miss Florence Almendinger, at home, who is employed in the county treasurer's office.

Funeral services will be conducted Friday at 1:30 p. m. in the St. Paul church at Prospect and of Bethlehem Grange.

**Wallace Addresses
Chilean Coal Miners**

By The Associated Press
CONCEPCION, CHILE, March 31—Vice President Henry A. Wallace told assembled coal miners of this southern Chilean city yesterday that great masses of people everywhere were moving forward in "a revolutionary march" which marked the first phase of the struggle between a world of free men and a world of slaves.

In an address which answered questions he had received, Wallace said he put the full weight of his office behind the assertion: "There are no longer privileged peoples. We children of the United States are not a superior race, and the Nazis are not either. We cannot perpetuate economic war without at the same time sowing the seeds of military war."

MEAD CO. REPORTS PROFIT
By The Associated Press
DAYTON, O., March 31—After payment of regular dividends on preferred stock, net earnings from operations in 1942 of the Mead Corp. at Chillicothe amounted to \$1.42 per share on the outstanding common shares as compared with \$2.66 per share on 625,000 outstanding shares in 1941. Net 1942 earnings of the paper manufacturing firm were \$1,357,469.72.

PAY RAISE KILLED
By The Associated Press
COLUMBUS, O., March 31—The house finance committee virtually killed yesterday a bill to increase pay of guards at the Mansfield reformatory and the London prison farm to the level paid at Ohio penitentiary here. A motion to recommend the measure for passage was defeated 17 to 4.

OK HOUSING PROGRAM
By The Associated Press
WASHINGTON, March 31—The national housing administration has approved the following program to house war workers at Port Clinton, O.: 17 privately-financed new family units; 50 accommodations through privately-financed conversion of existing units; and 490 publicly-financed trailer units.

**Food Supplies Burned
in Fire at Columbus**

By The Associated Press
COLUMBUS, O., March 31—Fire destroyed 20 barrels of valuable spices, 50,000 pounds of coffee, 200,000 pounds of peanuts, 36,000 pounds of peanut butter and 20,000 pounds of sugar in the warehouse of the Andrus-Scotfield Co. here last night.

A company spokesman said the spices could not be replaced. F. H. Hoffman, president of the firm, declared the loss probably would exceed \$75,000.

WORRY, WORRY, WORRY then HEADACHE!

It's not the pain, it's the worry. Take Capudine to relieve the pain and soothe the nerves. Capudine is a liquid, so it's easy to take. It dissolves before it gets to the stomach. You get relief fast. Only one dose.

CAPUDINE

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile into your bowels every day. If it doesn't, you'll feel tired, sluggish, and your bowels won't move. You'll feel bloated, and you'll have a headache. You'll feel sick, and you'll have a bad taste in your mouth. You'll feel like you're going to throw up. You'll feel like you're going to cry. You'll feel like you're going to die.

Our Combined Efforts

FIGHTING and fighting is the end result of war. The war itself is a tremendously complicated effort that entails the skill and energy of every person in the nation—to the best of his ability. Our combined efforts will assure victory.

One of the primary duties of war is the financial support of the government through payment of taxes and purchase of government securities. Even fighting men, who must make the greatest sacrifice, are not exempt. Their taxes may be deferred and their War Bond purchases may reflect their diminished income, but the obligation of financial support rests on them, too.

The United States treasury will conduct its Second War Loan drive in April. Its goal is \$13,000,000,000. Eight billion of this total is to come from non-banking investors—the major source of war capital. This money—and all that has gone before or will come afterward—is the people's investment in victory. It is their insurance against the tragic consequences of "too little and too late."

If you already are buying War Bonds on a schedule, try to increase the schedule. If you are not purchasing them regularly, this is the time to start. In gratitude for the sacrifice and the danger of the nation's fighting men, their countrymen who are safe at home are asked to invest their money in the world's safest and largest enterprise, the United States of America. No American can refuse to do his part.

Notable Court Career

OHIO has lost one of its ablest jurists and most distinguished citizens in the death of Judge Phil M. Crow of Kenton.

His 33-year record as a member of the Third District court of appeals was one that demonstrated a thorough knowledge and understanding of the law and human rights and ability consistently to give wise and fair decisions. Ohio's court history will contain few accounts of judicial service longer than his, none more praiseworthy.

In this district where he had thousands of personal acquaintances he will be remembered not only as an able and honorable judge, but also as a man of engaging personality, always cordial and courteous and consequently one who will be missed as a friend as well as a valuable public servant.

No Minority Escapes Inflation

THE coal miners whose "bellies are to be inflated" by the wage increase John L. Lewis says they must have, regardless of the consequences to general economic inflation, already are sharing some of the results of general inflation with their countrymen. They are spending a constantly growing percentage of their income on food. To the extent that their incomes have not increased in proportion to the rising cost of living and to the extent that they have not been able to shift buying power from goods no longer obtainable to the essential things they must buy, they are victims of inflation.

The government hopes to minimize their hardship and the hardship of all citizens by restraining the impulse to try to raise wages rapidly enough to keep ahead of living costs. It is like trying to put out fire in one's clothing by running; no one ever did it successfully, yet everyone is tempted to try. That is exactly what the government is trying to keep its citizens from doing, but if they can't be convinced, then there will be inflation. The people have the power of decision.

No minority, however successful it may be in attempts to improve its relative position during a war boom, can escape inflation. The advantage it hopes to win quickly disappears. John Lewis knows it, but nevertheless insists his miners must have a \$2 a day increase. If they get it, other organized workmen will insist on comparable increases. Farmers will go through with their demands for increases. The inflationary spiral, which has been kept from whirling skyward out of control so far, will soar into space. The consequences are a matter of experience. Prevention, however, is a matter of our present judgment. Americans can commit economic suicide or not, as they choose.

This Is What We Mean

SOMETIMES when Americans try to describe their land at its best, they seem on the verge of wishful thinking, instead of factual reporting.

The devotion to liberty and justice for all, the cherished freedom and the racial tolerances occasionally seem to be the exceptions to the rule, rather than the rule itself. Yet, even as exceptions, they mark this as the last best hope of mankind for the brotherhood of man.

Oberlin college students have elected an American of Japanese ancestry, Kenji Okura, formerly of University of Washington and released after internment with FBI approval for further pursuit of his studies, to the presidency of their student council. This is what we mean when we say that America at its best can't be beaten.

Salt, in French north Africa, is the salt for inland Marrakech, with 180,000 inhabitants.

New Pay-As-You-Go Plans

Two Substitutes for Ruml Plan "Forgive" 1942 Taxes.

By JOHN GROVER
Washington Correspondent

FIGHTING the war in 1943, the government is looking for ways to raise money to pay for the war. One way is to raise taxes. Another way is to raise money by borrowing. A third way is to raise money by forgiving taxes.

The Ruml plan, which was passed by the House of Representatives last week, would forgive the 1942 taxes of the 10 million families with the lowest incomes. The plan also would forgive the 1942 taxes of the 10 million families with the next lowest incomes.

Another plan, which was introduced by Rep. Carl Albert, would forgive the 1942 taxes of the 10 million families with the lowest incomes. The plan also would forgive the 1942 taxes of the 10 million families with the next lowest incomes.

A third plan, which was introduced by Rep. Carl Albert, would forgive the 1942 taxes of the 10 million families with the lowest incomes. The plan also would forgive the 1942 taxes of the 10 million families with the next lowest incomes.

The Ruml plan would forgive the 1942 taxes of the 10 million families with the lowest incomes. The plan also would forgive the 1942 taxes of the 10 million families with the next lowest incomes.

The Ruml plan would forgive the 1942 taxes of the 10 million families with the lowest incomes. The plan also would forgive the 1942 taxes of the 10 million families with the next lowest incomes.

...exceeded \$29,500 and
 ...than the 43 income taxes
 ...be paid on the higher in-
 ...the 1942 or 1943
 ...the 1941 in-
 ...by more than \$30,000, a
 ...special anti-inflation tax would
 ...be imposed on the augmented in-
 ...come.

The majority defense of the
 ...will mean a 10% tax
 ...to make any response in
 ...the house, in the opinion of veter-
 ...plan press gallery observers. The
 ...the Ruml plan for tax
 ...forgiveness would result in loss
 ...of federal revenue was explained
 ...in committee hearings. Further,
 ...the popularity of a program
 ...which would put all income tax-
 ...payers on a current basis has in-
 ...fluenced not a few columns on the
 ...Democratic side of the house.

Robertson Plan Simpler
 Of the two substitute proposals,
 ...the Robertson measure is expected
 ...to have the better chance of
 ...passage. It is simpler, and in the
 ...current congressional trend a
 ...measure that can be understood
 ...readily is certain to draw more
 ...water than a more complex mea-
 ...sure. The reaction against gov-
 ...ernment questionnaires and in-
 ...volved reports has made a deep
 ...impression on the present con-
 ...gress.

Another point in favor of the
 ...Robertson plan is that it was in-
 ...troduced by a Democrat. The ma-
 ...jority report of the ways and
 ...means committee was generally
 ...recognized to be thoroughly un-
 ...popular politically. If a deter-
 ...mined fight was made to pass the
 ...measure as it emerged from com-
 ...mittee, it is the consensus that a
 ...number of Democrats with politi-
 ...cal savvy would have deserted to
 ...the solid Republican phalanx to
 ...pass the politically more popular
 ...Ruml substitute.

The Robertson plan would take
 ...away any attempt of the Republi-
 ...can minority to claim entire
 ...credit for passing a popular tax
 ...act. The two substitute bills are
 ...for all practical purposes identi-
 ...cal in penalizing excessive in-
 ...comes, and in retaining the popu-
 ...lar features of the Ruml plan.

With that in mind, the con-
 ...sensus of top flight opinion on the
 ...hill is that the Democrats who
 ...cannot accept the ways and
 ...means committee measure will
 ...muster enough strength to pass
 ...some form of the Robertson sub-
 ...stitute.

Sees Hands of Labor
 By The Associated Press
 DENVER—Lester W. Law, cash-
 ...ier at the department of internal
 ...revenue, says a great change has
 ...come over American hands in one
 ...year. Law is so busy he sees,
 ...usually, only the hands of the
 ...person who shoves his income tax
 ...payment through the bars of his
 ...window.

"Up to this year those hands
 ...have been soft hands, washed
 ...hands, limp hands, manicured
 ...hands," says Law.

"This year they were different.
 ...They were grimy hands, soiled,
 ...horny and with oil and grease in
 ...the knuckles. Frequently there
 ...was a finger or two missing, or a
 ...big bump or with a gash across
 ...the knuckles.

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

"They were the hands of labor."

Henry Wallace, Loan Expert

From Baltimore Evening Sun.

IT IS not unnatural that Vice President Wallace, on his whirlwind tour of Latin America, should prescribe loans "in every manner possible" to the countries to the south of us. Few people have had as much practical experience in this field as Mr. Wallace with his short-term loans, intermediate-term loans, long-term loans, and every other conceivable kind of loans to the farmers.

But, as the farmers have discovered, a string is usually

MAPS OHIO LIQUOR RATIONING PLANS

To Meet Representatives of Major Distilleries.

The Associated Press—COLUMBUS, O., March 31.—The Ohio Liquor Control Commission today announced plans for the rationing of liquor in Ohio. The commission will confer with key executives of the major distilleries to discuss the proposed plan.

The commission is seeking their cooperation in the establishment of a rationing system. The plan is to increase the number of rationing points and to issue rationing stamps to the public. The commission also is seeking their cooperation in the establishment of a rationing system.

After Tunisia, Where Do We Hit Blow at Axis?

By DEWITT MACKENZIE

After we've finished with Tunisia, where do we go? We are invited to pleasurable speculation by British Home Secretary Herbert Morrison's statement in the house of commons anticipating the possible "use of this country as a base for offensive operations."

The secretary, who also is minister of home security, announced the whole east and south coast of Britain, to a depth of ten miles would become a restricted area on April 1. This zone lies on the English coast opposite the "invulnerable" coast of France.

April 1st. Well, it could be just to keep Herr Hitler's nerves hopping, but it encourages the expectation a United Nations invasion of western Europe may come before long. This is bolstered by the excellent allied progress in the Tunisian campaign, which must be concluded, or at least clinched, before any major invasion can be attempted.

Expectation also is fostered by the fierce aerial bombardment of Germany and occupied territory—an essential preliminary to an invasion of western Europe.

Where To Strike
Now of course only the allied high command can say where an invasion may strike. Still, without trying to read the command's mind, it's reasonable to expect some move as soon as the African campaign is sewed up, since Hitler can't be allowed a free hand to attack Russia when the seem to be three possibilities for major invasion, and the defensive preparations of the Nazis show they agree with this estimate.

Three places are: 1. The French coast from the neighborhood of Boulogne and Calais, on the narrow part of the channel, down past the mouth of the Somme to Dieppe. The allies probably would strike in several places simultaneously and develop those which seemed profitable. They also might make other attacks as far north as Norway, chiefly for diversionary purposes.

Recognition of the danger is seen in the fact the Nazis are feverishly strengthening their already formidable coastal defenses. As has been emphasized in this column, an invasion from the English channel would produce perhaps the most terrible battle of history, with all three fighting arms—land, air and water—participating. Certainly it would be the most dangerous legitimate military operation which could be undertaken.

2. Italy and the great islands of Sicily and Sardinia, together with French Corsica, which the Italians occupy. Compared with the French coast this indeed would be soft for Italy's heart isn't with the axis. Main resistance presumably would come from the German forces which occupy the country.

In this connection the diplomatic correspondent of Reynolds News, in London, has stated categorically the Nazi have taken over control of the Italian fleet. It will be used partly for defense against invasion and partly for offensive actions. The Italians will man the ships and the Germans will give the orders, according to the report.

3. Greece, together with Crete and the islands of the Aegean, possibly in conjunction with an invasion of the Balkans by Turkey.

DELAWARE SPONSOR OF BILL THREATENED

Legislator Reports Attempts To Intimidate Him.

By The Associated Press

COLUMBUS, O., March 31.—The author of proposed legislation to regulate labor unions declared before the house judiciary committee last night that "I have been threatened and intimidated and all the old racket methods have been used against me."

The speaker, Rep. Earl M. French (R-Delaware), did not elaborate. He added, however, that "they may be able to hang me, but they won't destroy the democratic principles of this bill."

He called upon members of the committee, conducting the first hearing on the measure, to "stand for what we think is right for all the people, no matter what happens to us."

Principal provisions of the measure, which French asserted was aimed primarily at "labor racketeers, who have preyed on unions and the public," are: Creation of a three-member state employment regulations board to register and regulate unions and union officials; prohibition of strikes unless a majority of employees vote approval; requirement of 20 days' notice of intent to strike; prohibition of sympathy strikes and mass picketing; slowdowns and sitdowns; and requirement of a four-fifths favorable vote for establishment of an all-union shop.

William D. Snow, a Toledo attorney who helped prepare the bill, told the committee similar provisions had reduced strikes more than 50 per cent in Wisconsin and Minnesota.

Opponents of the bill will be heard next week, probably Tuesday night.

AFRICA
(Continued from Page 1)

where they attacked enemy defense positions. "Spitfires" shot down two Messerschmitts, and Warhawks got four Focke-Wulfs and five Messerschmitts. Another Messerschmitt was shot down in the north for a total of 12, while the allies lost seven aircraft, the communiqué said.

Expect Long Retreat
(Round about reports, suggested that Rommel had no intention of stopping his retreat for a good many miles. One such report by the London Daily Mail's correspondent in Madrid said Rommel had ordered the destruction of Stax harbor, 70 miles north of Gabes, and that many installations already were in flames. There was no confirmation of the report, however.

(The Algiers radio said the British fleet was continuing to hammer the axis' retreat, moving in close to shore to pour shells into the coastal road.)

Rommel, fighting desperately in his retreat, was trying in vain to elbow aside Gen. Patton's Americans in the El Gueitar and Maknassy regions in order to widen his escape corridor connecting with the armies of Col. Gen. Jürgen Von Arnim in northern Tunisia.

MUSIC PROGRAM TO BE GIVEN IN AUDITORIUM

Studio Pupils To Be Heard Friday Night.

Pupils of Fred Sabback's music studio, "Stars of Tomorrow," will be presented in a program Thursday night at 8 o'clock in the Central Junior High school auditorium. Accompanists will be Miss Virginia Grover and Miss Claudine Brown, pianists, and Herman Myers, Spanish guitar, and Mary Lou Cornelius will be heard in special vocal numbers.

Lawrence Roy of Cleveland, secretary of the International musicians' league, will be a guest, and Homer Huffman, also a guest, will direct the audience in singing of the National Anthem to open the program. Mr. Huffman will give a brief talk. Mr. Roy will act as master of ceremonies.

CONGRESS
(Continued from Page 1)

Eden, in consultations which ended yesterday, had cut the pattern for additional talks among various members of the United Nations.

On the same subject, some members of a senate foreign relations subcommittee expressed puzzlement at what they called comparative public apathy toward post-war issues as they assembled to consider proposals for joint United Nations action.

Clover To Draft
Semi-compulsory manpower actions—also announced by the President—brought tens of thousands of Americans closer to the war itself. Designed primarily to relieve a shortage of 50,000 dairy workers, the program appeared capable of being extended to all agriculture and essential industry. It gave dairy workers preferred claim on draft deferment, but hinted broadly at the possible drafting of farm-experienced men now deferred because of age or minor physical disabilities if they refused dairy jobs.

Another phase of the general farm and food program was the question of whether Chester C. Davis, the new food administrator, is to have full authority over farm prices. It remained unanswered as his assistants puzzled over a problem posed by congressional refusal to vote \$100,000,000 for war crop incentive payments. Heads of four national farm organizations who accompanied Davis and Agriculture Secretary Wickard went to the White House yesterday, said they came away without a commitment on the price control question.

Food production, however, got a boost from the rubber program. Convinced that synthetic rubber production is progressing well enough to permit curtailment of quinine planting, rubber officials prepared to turn some of their acreage over to food production—but warned against over-optimism on the rubber outlook.

The office of price administration set maximum prices for used trucks, ambulances, buses and other commercial motor vehicles in some cases only a fraction of current market quotations. Effective April 26, the new regulation sets top legal price of any of these vehicles at a percentage—ranging from 40 to 97—of its original delivered price. OPA said the action was "expected to halt the activities of speculators which have resulted in some instances in prices which are 200 per cent or more over the normal value."

Meanwhile, their battle to bypass an income tax year beaten by a close-ranked majority of Democrats, house Republicans considered compromise with an eye toward getting as much of one year's taxes abated as possible. The rumi skip-a-year plan was rejected, 215 to 198, in yesterday's climax to one of the most hectic house battles in recent history. In its stead, Rep. Knutson (R-Minn.), G.O.P. strategy chief in the tax swing, said Republicans might swing in behind a compromise to abate a substantial portion of one year's taxes.

PROGRAM ARRANGED BY COUNTY W.C.T.U.

Institute Scheduled at U. B. Church Friday.

The Marion County W. C. T. U. will hold an institute Friday at the First United Brethren church. Sessions will be at 10:30 a. m. and 1:30 p. m. with a covered dish dinner served at the noon hour.

Mrs. Clara Lawrence, county president, will preside. The morning session will open with singing of the National Anthem and salute to the Flag. Mrs. Olive Upton, evangelist, will conduct devotionals and the following directors, led by Mrs. A. J. Hollandshead, will give two-minute talks on their work:

Mrs. Fern Haren, I. T. L.; Mrs. Mina Marks, Christian Citizenship; Mrs. Olive Upton, evangelist; Mrs. Edith Bisher, exhibitor; Mrs. Bertha Barkley, flower mission and relief; Mrs. Ella Ellington, institutes; Mrs. J. W. Horner, L. L. L.; Mrs. Emma Bain, legislation; Mrs. Marie McCausland, literature; Mrs. Blanche DeLong, motion pictures; Mrs. Elsie Hartsell, publicity; Mrs. Lulu Needles, religious education; Mrs. Ethel Smith, soldiers and sailors; Mrs. Lena Chaffant, temperance and missions; Mrs. Lulu Little, work among the Negroes; Mrs. A. L. Wood, music. The session will close with a devotional hour of prayer, singing and prayer by Rev. Garrison Reebuck.

Pep songs led by Mrs. A. L. Wood will open the afternoon session. Prayer will be by Mrs. Upton and the speaker for the afternoon will be Mrs. Hazel Wither of Toledo state I. T. L. secretary. Mrs. C. H. Indur will sing and the offering will be played by Mrs. Minnie Van Asbeck. A quiz by the local county presidents will be followed by a solo by Mrs. Francis Ford and a roundtable discussion led by Mrs. Wither.

MODEL PLANES
(Continued from Page 1)

been completed they are sent to the Navy. When the models are completed they will be inspected by an inspection committee composed of men from local industries. The planes must not vary from scale more than a 32nd of an inch.

Workers Given Ratings
After a boy makes one acceptable model he received a rating of ensign in the Navy and when he has completed 25 acceptable models he is ranked as an admiral. As yet no models have been sent in by the classes.

The planes are made in the schoolworking departments of the schools' industrial art shops and an average of four hours of work each week are devoted to the project.

At Vernon Heights Junior High school, 37 ninth grade boys from the mechanical drawing classes are working on the models under the direction of Dan Satter, industrial art instructor. At Edison school William Scott is directing about 35 boys from the seventh to the tenth grades in the work and at Central Junior High six ninth graders, under the supervision of John E. Beer, are working on the project.

KENT
(Continued from Page 1)

of Mr. and Mrs. Joseph Dapraio of Cleveland, was last seen alive Sunday night when he boarded a bus at Cleveland to return to school after a spring recess.

Dr. Amos said the girl worked the past two years as a part-time waitress at the country club where Reynolds was employed.

The car in which the bodies were found was listed in the name of Reynolds' wife, Mrs. Mattie Reynolds.

The coroner said his report was based on his finding that bullets removed from the woman's body were of different calibre than those taken from the body of the boy. Five bullets had been fired from the revolver found beside Reynolds, he added, but it was not determined immediately whether some of these killed Mrs. Dapraio.

Deputy Sheriff Jeffers said court records showed Reynolds had been convicted of manslaughter in March, 1938, for the slaying of William Mency, a Negro chauffeur. The slaying followed a quarrel over a woman and Reynolds served part of a one to 20-year sentence, Jeffers reported.

Florida Barge Canal Funds Turned Down
WASHINGTON, March 31.—The house appropriations committee by a 21 to 19 vote today refused the war department's civil function supply bill for the fiscal year 1944 an item of \$44,000,000 for construction of the Florida barge canal.

The appropriation had been recommended by a subcommittee which said construction of the canal from the St. Johns river across Florida to the Gulf of Mexico would help relieve the eastern petroleum shortage.

In turning down the subcommittee's recommendation, the full committee said the project "can not be looked to for any alleviation of the fuel oil or gasoline shortage in the eastern seaboard area for many months to come," and that pipe lines already built or being constructed, supplementing tank cars and a small amount of water transportation, "will take care of the eastern seaboard area during the next winter in a normal way."

Youngstown Steel Mill Tied Up by Strike

By The Associated Press

YOUNGSTOWN, O., March 31.—A strike by U. S. steelworkers today tied up shipping department operations at the Youngstown Steel & Tube Co.'s Campbell plant and threatened to curtail production.

Union leaders estimated 800 workers employed on three shifts walked out as the result of a bitterly fought controversy, but company officials claimed that only 10 workers had indicated the total number was less than the figure given by the union.

Contingent Thomas Robertson, regional vice president of the U. S. Steelworkers' union, said the strike was started by only 10 or 15 workers and indicated the total number was less than the figure given by the union.

MRS. CRAMER DIES AFTER LONG ILLNESS

Passes Away at Barnhart St. Home; Funeral Friday.

Mrs. Elizabeth Cochran Cramer, 67, died in her home at 231 Barnhart street at 1:30 p. m. yesterday, after an illness of three years.

She was born March 11, 1878 in Upper Sandusky to August Kreisel and Elizabeth Floyd Kreisel, both of Germany. Her husband, Allen M. Cramer, died in 1919.

She had lived in Marion three years, and before that lived at Harper. She attended the Emanuel Lutheran church here.

Surviving are a daughter, Mrs. Floyd River of 274 Forest street, a son, Chester A. Cramer of 231 Barnhart street, sisters, Mrs. Clara Vandiver and Miss Rose Kreisel of Lima, Mrs. Fred Stevens of British Columbia, Canada, Mrs. John Strauch of Upper Sandusky, Mrs. Gertrude Anney of 223 Superior street, brothers, William Kreisel of Upper Sandusky, and Frank Kreisel of Marquette, and two grandchildren.

A sister, Mrs. Cora Harrell, preceded her in death in January. Rev. M. E. Hollensen, pastor of the Emanuel Lutheran church, will conduct the funeral services Friday at 2 p. m. in the Boyd and Unruh funeral home. Burial will be in the Marion cemetery.

Friends may call at the funeral home after 7 tonight.

MARION WOMAN'S BROTHER ON STAFF OF ADM. NIMITZ
John G. Roenick Advanced To Lieutenant Commander.

John G. Roenick, brother of Mrs. V. W. Orth of South Greenwood street, has been advanced to the rank of lieutenant commander, according to word received by the family here. Lt. Commander Roenick, a graduate of the U. S. Naval Academy at Annapolis in 1913, is stationed at Pearl Harbor and is on the staff of Admiral Nimitz, commander-in-chief of the Pacific fleet. He spent three and one-half years in Japan and is a graduate of the University of Tokyo. Before going to Japan he was a gunnery officer in the U. S. Navy.

Harding High Baseball Squad To Start Spring Drill April 28 Under Eye of Coach Vic Dorris

To Be Only Sport at School, with Track Out for Duration: Galion Only Other N. C. O. League School with Team This Year.

Harding High School baseball team will get under way April 28, immediately after the spring vacation. A meeting of all players and coaches will be held next week, according to Coach Victor Dorris. The boys will be asked to give their preference of position and other details.

Since track is out for the duration at Harding, Joseph Petri, who would have been the team coach, will assist Dorris in conditioning and general coaching. Many football players, who have finished spring practice, will be asked to give their preference of position and other details.

For the past few weeks, several of the probable regulars of the team have been warming up at

the school. Among them are Don Kay, Harding, left-handed pitcher, who is an excellent ball player, and other players.

Under the coaching of Bill Williams, Harding's normal coach, and to the team in the state tournament and to the school team.

Charles Keller signs. By The Associated Press. A. J. Keller, New York Yankees' left fielder, yesterday accepted terms and will report at the club's spring training camp here today.

CANADIAN ROOKIE PITCHER BAFFLES INDIAN BATTERS

Tribe Gets Second Taste of Outside Opposition Today.

By The Associated Press. CLEVELAND, March 31.—Cleveland Indians let their second taste of outside pitching today when they took on the University of Michigan hurlers from the Tribe's own ranks.

The Cleveland Indians' pitching corps will be composed among the two teams of Jim Bagby, Al Milner, Joe Henning, Vern Kennedy, Ray Post, and Jack Salmons doing the chores for the day, three against, and three for the Tribe.

Only Al Smith and Mel Harder have yet to pitch in a formal game during the Indians' northern training routine.

Tribe's first game was yesterday at the pines of Rookie Paul Calvert, who posted a sensation by coming out an assortment of baffling stuff to the American leaguers.

A sign of the times, indicating again the manpower shortage in baseball, appeared with the presence of pitchers in batting practice and Manager Lou Boudreau remarking that some Indian pennant hopes hinge in part on pinch hitting value of some of the Tribe's hurlers.

At Cleveland, Vice President Roger Peckinpaugh disclosed Jeff Heath, the Tribe's only holdout, has refused to sign a contract including a home attendance bonus clause and was insisting on only a 10 per cent cut from his 1942 salary.

Heath, at his Seattle, Wash., home, said he was "willing to go along on a fair compromise over salary but the club just has been holding tight" and "I hope to get back to play for Cleveland or any other club."

Frankie Kelleher Has Curve Ball Trouble. By The Associated Press. BLOOMINGTON, Ind., March 31.—Additional hitting drills are on tap for Frankie Kelleher, Cincinnati outfielder, this week following a yesterday's plate display during which Rhinelanders threatened to curve-ball him out of his regular left field job.

Experiencing the same difficulty which prevented him from playing regularly last year, Kelleher had a "bad day" against the sharp-breaking offerings of Ray Starr, Johnny Vander Meer, Elmer Riddle and a couple of other hurlers. Before yesterday, Kelleher had displayed was one of the highlights of spring training, but Manager Bill McKechnie is confident the youngster will come through.

Coming in the Reds last July with the reputation as the minor league's outstanding slugger, Kelleher was "round-housed" to a pinch-hitter's role long but his spring training exploits this year boosted him into leading contention for the regular left garden spot.

McKenzie indicated Eric "The Red" Flien would start in left field against the Chicago White Sox Saturday at Louisville in the first exhibition game. Starr is expected to start on the hill.

American Association Loses Heavily to War. By The Associated Press. COLUMBUS, O., March 31.—American Association baseball teams have 257 men in the armed services and the total probably will reach 250 before the season opens April 28, President George Trautman announced today.

Toledo's roster tops the list with 100, but many of these are players from other St. Louis Brown farm teams placed on the Mudhen roster when their clubs suspended operation for the duration of the war.

The number in service from other association clubs are: Louisville 39; Columbus 32; Minneapolis 18; Kansas City 13; St. Paul 12; Indianapolis seven and Milwaukee six.

TROUT SEASON TO OPEN. By The Associated Press. COLUMBUS, O., March 31.—Trout fishing, restricted in Ohio to the Mad river and some of its coldwater tributaries, will begin April 15, Conservation Commissioner Don Waters announced. The season closes Sept. 15.

FRENCH LUCK. Ind.—Chicago's Cubs and White Sox get together today in what executives of both sides call a strictly informal practice game that is not to be regarded as a part of the annual city series. Paul Derringer will start on the mound for the Cubs and Lefty Ed Smith for the White Sox.

CAFE GIRARDEAU. Mo.—Mike Charlat, lanky St. Louis Browns outfielder, is in the midst of a personal hitting spree. After collecting five for eight in a pair of games he showed a pinch from Bill Semeth over the right field barrier—450 feet away—in yesterday's workout.

LAKEWOOD, N. J.—The New York Giants, who hope their pitching staff will make up in part for the loss of Johnny Mize, have 13 hurlers in camp with Art Adams and Sal Maglie still to report. Both are expected momentarily.

HERSHEY, Pa.—Trainer Harold Bruce headed all the Philadelphia Phil athletes to a doctor's office today for a check of their hearts, lungs and blood pressure. They will undergo eye, ear, nose and throat tests later.

On the Local Front

Mulvaine Makes First Team on Noble's All-Ohio Cage Squad.

By LOREN W. TIBBALS, Marion Star Sports Editor.

Sadly neglected in the only all-state basketball selection announced so far, Dick Mulvaine is the recipient of a first team berth on the all-Ohio team picked by D. B. Noble, former Marion Harding athlete and at present director of athletics (after the duration) at the Oberlin School of Commerce, Oberlin, O.

Athletic Director Noble, in a letter to this correspondent recently listed nine different mythical basketball teams, the most notable of which is the all-Ohio five listed below.

On his first team, Noble picks Mulvaine of Harding and Henry Vaughn, star of Akron Central's fine team, for the two forward posts. Jack Wilson of Xenia Central is the center nominee and the guards are Carroll Seiple of Defiance and Groza of Martins Ferry. The latter is a brother of Lou Groza, all-Ohio center on the river city's 1940 state championship team.

Noble says, "I guess there is not much doubt about Vaughn. He was the outstanding player in Akron, the hub of northeastern district cage warfare."

"Mulvaine? We've got our reasons, haven't we?" he writes. In Wilson, he adds, the first team has an outstanding pivotman. Rounding out his first team Noble selected Seiple and Groza for the guard berths because, (1) Seiple was the backbone of the

Boston and Detroit Stop Canadian Teams. By The Associated Press. NEW YORK, March 31.—Detroit and Boston will have their national league hockey teams contest for the Stanley cup at the expense of two Canadian cities, Toronto and Montreal, who made the sport popular.

The Detroit's last night eliminated Toronto, 3 to 2, in an overtime period with rookie Adam Brown scoring the decisive goal. Boston, in turn, made it an all U. S. final by stopping Montreal, 5 to 4, also in an extra period. The best of seven series for the Stanley cup starts at Detroit Thursday.

Wyoming's Cowboys Win U. S. Cage Title. By The Associated Press. NEW YORK, March 31.—The national collegiate basketball title, constant property of the Big Ten conference until Stanford broke the spell last season, is back in the farwest for another season with Wyoming on the throne.

The Cowboys had speed enough to wallop Georgetown, eastern representative, 46 to 34, last night. Both teams will remain here for Thursday night's doubleheader with Wyoming playing St. John's of Brooklyn, national invitational tournament winner, and Georgetown battling Toledo, second to St. John's in the preliminary.

CAPITAL AREA FORMS SERVICE TEAM LOOP

Soldiers, Sailors and Coast Guard Bases in League.

BALTIMORE, March 31.—Organized league baseball will continue to be played—in the Maryland-District of Columbia-Virginia area, at least—not in spite of the war but because of it.

Soldiers, sailors and coast guardsmen from 12 training centers in the Washington and Baltimore areas have organized two six-team service leagues to play twice weekly in the various camps from May until September.

Anti they'll have their own "World Series" and all-star game, too. The winners of loop-playoffs will tangle for the championship in a seven-game series to be played at Griffith Stadium, Washington, and Oriole Park, Baltimore.

The all-star game will bring together picked teams of the two loops, in Griffith stadium sometime in July.

Baltimore area teams, which will comprise one circuit, are Curtis Bay Coast Guard, Aberdeen Proving Ground, Edgewood Arsenal, Holabird Ordnance Depot, Fort George G. Meade and the Army Air Base.

Washington teams include Bolling Field, Fort Myer, Fort Washington, Fort Belvoir, the Navy Recruiting Station and the Naval Air Station.

While team rosters are not yet complete, indications are the loop will not be far below double A standards.

Take the Curtis Bay Coast Guard team, for example: For pitchers the Guardsmen can call on Charlie Platt, late of the Pony league; Francis Smith, a Chicago White Sox rookie; Charlie Bolman, late of the Cleveland Indians; Charlie Sipple, of the Boston Red Sox, and Don Kory, of the Pittsburgh Pirates, among others.

Training Camp Briefs. By The Associated Press. MUNCIE, Ind.,—Outfielder Vince DiMaggio, who has remained at the hospital bedside of his wife in California, is expected in the Pittsburgh Pirates camp today or tomorrow. Jimmy Wadell likely will fill his center field spot in the exhibition with the Ball State Teachers nine today.

ROY has been laid up since March 15 as a result of a motorcycle accident. The accident occurred while Everly was on night patrol duty. He writes, "I was riding the cycle shortly after midnight and was crowded off the road by an oncoming bus. The bus was on the wrong side of the road and rather than hit it head-on I took for the ditch."

Continuing, he said, mounted military police arrested the bus driver who later drew a \$30 fine and a 30-day jail sentence.

The only other trouble since my arrival here was a black eye received in a fight with two robbers in an attempted warehouse holdup," he added.

Along with the letter Everly included a picture of himself decked out in the uniform of a civilian police officer.

LAKEWOOD, N. J.—The New York Giants, who hope their pitching staff will make up in part for the loss of Johnny Mize, have 13 hurlers in camp with Art Adams and Sal Maglie still to report. Both are expected momentarily.

HERSHEY, Pa.—Trainer Harold Bruce headed all the Philadelphia Phil athletes to a doctor's office today for a check of their hearts, lungs and blood pressure. They will undergo eye, ear, nose and throat tests later.

PETERS TRIES FOR FIRST BASE

Russ Peters, Cleveland Indians shortstop, is being tried out at first base.

WITH THE ABSENCE OF LES FLEMING, THE FIRST BASE JOB ON THE INDIANS IS OPEN TO ANYONE.

By The Associated Press. LAKEWOOD, N. J., March 31.—The only difference between a New Year's resolution and Van Mungo up to now has been that you had to break one and the other fized out all by himself.

Spring after spring, Van Mungo has come out as regularly as the cuckoo in the clock and said his arm was better than ever and that he'd probably win 20.

But come fall, and Van would head back to the black hills of Carolina without his 20 and with the old "wait'll next year" war cry.

It's the same old patter this spring as the bad boy from Page-land heads the New York Giant pitchers in training in the Jersey pine woods. Though everyone around this camp has heard Van's April New Year's resolution time after time, they're inclined to believe maybe the big guy really has something this year.

It's the hardest working man in the outfit; he says he's throwing more freely than at any time in the past five years, and he's the only elbow who already has turned loose his entire assortment of stuff. Above all, he's behaving himself like little Jimmy waiting for Santa Claus.

Anyway, leading the drum-beating brigade for Mungo is Melvin Ott, the boss-man of the Giant, who has to grab at any ray of sunshine, no matter how oblique, this spring.

"Last Sunday," Mel related, "Mungo was pitching to batters and asked me if it was okay to cut loose. It was my turn to hit, so I told him to go ahead. He whiffed me on three pitches, and the last one looked enough like an old fireball to make me glad he's on our side this season."

FIGHTS LAST NIGHT. PITTSBURGH.—Jacob Lavetta, 21½, New York outpointed Ossie (160) and Harris, 175, Pittsburgh (160).

PHILADELPHIA.—Sgt. Jackie Williams, 115½, Alhambra, Calif., knocked out Joey Spangler, 11½, Richmond, Va. (120).

That Extra Something! ...You can spot it every time

"SPOTLIGHT Bands", the radio program broadcast over Blue Network every week night for Coca-Cola, features the nation's favorite name bands. Their names mean something because their hands have something extra to offer.

Coca-Cola got where it is by offering something that more than quenches thirst. It brings a delightful after-sense of refreshment, too.

In ice-cold Coca-Cola you find quality you count on. You find delicious taste that sets it apart. You find refreshment that goes into energy. Anybody can make a soft drink, but only The Coca-Cola Company makes Coca-Cola.

The only thing like Coca-Cola is Coca-Cola, itself.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing... "coming from a single source, and well known to the community".

Lines are put in, stages fixed, loudspeakers hooked up, and rehearsal begins. Soon, the boys in uniform will hear their favorite band in person just as their families will on their home radios.

FORMER MARYSVILLE SOLDIER IS KILLED

Accidentally Shot on Ship; Body To Be Sent Back.

Special to The Star
MARYSVILLE, March 31—The body of a former Marion soldier, killed in the West Africa area recently, has arrived in Marion and will be sent to Marysville for burial, according to word received by his parents, Mr. and Mrs. John Porter Sr. of Marion, former residents of this city.

The parents were notified of his death Sunday and came to this city awaiting further word. They were informed Tuesday by the war department that the body had arrived in New York and were asked where it should be sent.

They were informed that the body was accidentally killed on board ship as they were preparing to disembark about two miles from the African coast. As men were loading their pistols, one was accidentally discharged, the bullet striking Lieut. Porter.

Resides his parents, Lieut. Porter is survived by one brother, Capt. John Porter who is commander of a ferry patrol. Capt. Porter returned a short time ago from an inspection tour of European, Asiatic and South American countries but he had not been located to be informed of his brother's death.

Officers Relected By Presbyterian Class
The following officers were re-elected at a luncheon meeting of the Westminster Bible Class of the First Presbyterian church yesterday afternoon at the home of Mrs. Lewis Uhl on East Center street: Mrs. F. F. Williams, president; Mrs. J. W. Hunsinger, vice president; Mrs. L. A. Robinson, secretary; Mrs. Ray Bonnette, treasurer; Mrs. L. L. Surface, teacher; Mrs. Mae Gersuch and Mrs. F. O. Howard, assistant teachers. Mrs. Lewis Uhl installed the officers.

Mrs. F. F. Williams presided and Mrs. C. H. Lindsey read devotion. Mrs. L. L. Surface, teacher, gave a story. Mrs. C. H. Lindsey, Mrs. W. H. Guy, Mrs. Laura Ewing, and Miss Leona Taylor gave a sermonette on "The Home." Mrs. F. O. Howard read a letter from a soldier, and the shut-ins of the church were listed to call on.

The luncheon was in keeping with Easter. Mrs. R. L. Case was a guest.

Steel Investigation Renewed by Truman
WASHINGTON, March 31—Interest in a federal investigation into recent shipments of improperly tested steel from the Carnegie-Illinois Steel Corporation's Irvin 2-A plant was heightened today by the reported disclosure of new evidence.

This new evidence, Chairman Truman (D-Mo.) of the senate war investigating committee said in a statement, indicates knowledge of "fraudulent practices" at the Irvin plant, "and probably elsewhere" extended "upward" into the Carnegie-Illinois organization.

Truman forwarded the evidence, a statement from Edward L. Robinson, assistant to the manager of the metallurgical division, Pittsburgh, district of the Carnegie-Illinois concern, to Assistant Attorney General Tom C. Clark yesterday, with a request that "all of the guilty parties" be brought "promptly to justice."

PREDICTS PROHIBITION
SMITHVILLE FLATS, N. Y., March 31—William A. ("Pussyfoot") Johnson, dry crusader, predicted today in an interview "prohibition will come back, of course." If prohibition returns, he asserted, administration of the law would be improved by the lessons "learned during the first attempt."

SEWER TUNNEL BLASTING RESULTS IN DAMAGE SUIT

Seize Ordinance Plant Contractors Named Defendants.

A damage suit arising from construction of a 1,500 foot sewer on East Center and East Church streets last June was filed yesterday in common pleas court by Edward and Belle Cottrell, owners of a residence at 621 East Center street.

Mr. and Mrs. Cottrell seek a \$1,000 judgment against the Hunn-Cook Construction Co. and Edward J. Hunt, architect engineers. They contend explosives used in blasting out a tunnel for the sewer main "cracked" their home, shattered every room of their home, shattered every room of their home, shattered every room of their home.

The suit tunnel was designed to accommodate sewage mains connecting existing city of Marion facilities with those constructed for the Seisco Ordnance Plant.

ROTARIANS HEAR TWO TALKS ON WAR THEME
Two speakers were heard by the Marion Rotary club in its weekly luncheon meeting at Hotel Harding yesterday.

They were Lt. Col. Richard H. Lawson of Marion, army officer who recently returned from Honolulu, where he was stationed at the time of the Pearl Harbor attack, and E. C. Ramsey, newspaper correspondent, world traveler, and former Ohio editor.

Lt. Col. Lawson spoke informally regarding the war in the Pacific and related accounts of several engagements with the Japs in which friends of his participated.

Mr. Ramsey gave a close-up view of the European nations at war, based on his experience and observations there before and during hostilities. He said in his opinion there is possibility of beating the Germans next year and even this year if the armies are given adequate support at home.

He declared, however, that in the United States there are many people not giving such support and who don't seem to realize that we are in a war.

He predicted that this will be Mussolini's "last year" and that it will also see the "end of Laval."

Special Service Planned by Salvation Army Group
A special service will be conducted at the Salvation Army chapel Thursday night at 7:30 in the interest of the League of Home League, which was announced today by Mrs. Joseph Heard, who with Major Joseph Heard, heads the Marion Army corps.

Taking part in the meeting will be Mrs. Major Harold Zealley, divisional home league secretary, Mrs. Major Paul Seller and Mrs. Major Frank Gibson all of Cincinnati. Women of the community are invited to join with the league members for the meeting at which matters of vital war work will be discussed.

Mrs. Gibson, who has been appointed divisional girl guard or gauzer, will meet with the girls of the corps and community at 6:30 p. m. Girls ranging in age from 8 to 18 years are invited to attend this meeting.

Former Marion Man Dies in California
Word has been received by Mrs. Mabel Greiser of Barnhart street of the death of her uncle, James A. Coleman, in his home in Inglewood, Calif., last Thursday.

He suffered a stroke of paralysis two years ago and had been in ill health since. A former resident of Marion, he left here in 1910 going to California where he worked at the trade of plasterer. Surviving are the widow, Mrs. Lulu Coleman, and one daughter, Mrs. Lillian Gisbrucht of Inglewood, and one son, Thomas Coleman of Pocatello, Idaho. Burial was made in an Inglewood cemetery.

PEARL HARBOR ARMY OFFICER IN MARION
Lt. Col. R. H. Lawson Spending Leave with Family Here.

Lt. Col. Richard H. Lawson, stationed at Pearl Harbor at the time of the Japanese attack and who remained there until recently, arrived in Marion Sunday to spend a 30-day leave with his wife and daughter, Jean, 7, who are living at 212 South Greenwood street.

He left Honolulu March 24 by plane, arrived in San Francisco the following day, and left the west coast immediately for Marion. He plans to remain here until April 18 when he is scheduled to report to Ft. Leavenworth, Kan., where he will receive training in the general staff school.

He was promoted to the rank of lieutenant colonel in November of 1942.

He has been in Army service for 12 years. After graduating from West Point in 1931 he served first at Ft. Thomas, Ky., followed by two and a half years in Hawaii. He returned to this country and for four years was an instructor at West Point in engineering drawing and air-photograph interpretation. Following this he was again assigned to an Hawaii post.

Col. Lawson's wife and daughter, present at the time of the attack on Pearl Harbor, were evacuated from the war zone on Christmas day, 1941. After arriving in the states they immediately came to Marion to join friends.

Court of Honor Held by Boy Scout Troop
A court of honor ceremony held by Boy Scout Troop No. 7, sponsored by First Evangelical and Reformed church, in the church Tuesday night was preceded by a potluck supper.

Awards were presented to eight troop members.

F. R. Harman, chairman of the troop committee, introduced H. A. Wohlisch, Rev. F. H. Wierth, H. E. Barringer and Carl H. Lehner, members of the recently registered committee. He spoke briefly on "Aims for the Year" and Hugh F. Hay, Harding area Scout executive, spoke on Scout activities.

In the tenderfoot investigation ceremony, Jim Dee, and Paul Arndt, were presented tenderfoot badges by Scoutmaster Rudolph Schuetz.

Rev. Wierth, chairman of the board of review of Troop 7, gave merit badge awards to Leland Barnhart in first aid and firemanship and to Bruce Bradley in first aid. George Haberman and Bill Flanigan received second class awards and Bob Sherman and Alvin Cleveland were presented first class awards.

Guests were Mr. and Mrs. E. L. Cleveland, Mrs. Harry W. Huberman and Mrs. Fred L. Barnhart.

Sabbath School Aids Medical Clinic Work
Mrs. L. E. Hill, superintendent of the Seventh-Day Adventist Sabbath school, in launching a special rally Saturday morning, announced plans for opening medical clinics soon in five important centers in Latin-America where the people are now suffering for the need of doctors and nurses. The funds for the clinics will be provided by contributing to the offering in the Sabbath schools on the 13th Sabbath of each quarter for their upkeep. The clinics will benefit people in parts of Colombia, Guatemala, Haiti, Jamaica and the Barbados.

YOUTH CONFESSES HE KILLED 5 IN FAMILY

Arrested While Working in Bus; Los Angeles Area.

By The Associated Press
LOS ANGELES, March 31—For nearly a month, 19-year-old Amos Lashaw, a bus driver, worked as a janitor at one of the city's busiest downtown corners where news vendors hawked papers carrying his description as the youth accused for questioning in the slaying of five members of his family.

A traffic policeman, R. L. Larson, recognized him yesterday, and last night Detective Capt. Vernon Rasmussen declared the slender, blue-eyed Lashaw had confessed the shooting of his parents, grandparents and young brother last Feb. 11 on their ranch near Loomis, Placer county, California.

Lashaw is booked here on suspicion of murder.

Lashaw, a California native, admitted he shot his father, Amos Lashaw, 38, because "he beat me often and without cause," and because his father and step-mother, Olie, 39, quarreled. He shot the grandfather, Charles Lashaw, 57, the latter's wife, Berna, 55, and the brother, Charles, 6, "to cover up" the slaying of his father, Rasmussen quoted the youth as confessing.

The two young Norwegian seamen were employed on a merchant ship which was torpedoed in the North Atlantic. They escaped from the vessel along with thirty other crew members in a small lifeboat built to hold 15.

The crowded condition of the small craft added to the hardships of the survivors in the 13 days before they were picked up and brought to an American port.

Inquiring for relatives in this country brought the young Mr. Sortland and his friend to the home of his cousin near here, where they found a happy home life for a few months while arrangements were made for them to return to active sea duty.

The boys told their many friends working during their stay in this rural community that they hope to return and become citizens after the war.

RED GUERRILLAS ACTIVE
LONDON, March 31—The Moscow radio, in a broadcast reported by the Soviet monitor here, reported today Russian guerrillas had delayed nine enemy trains recently in the Ukraine, destroying six locomotives and 87 cars bearing troops and supplies.

LEGLESS MAN ROBBED
AKRON, O., March 31—A robber knocked John Henretta, 75, unconscious with a revolver butt in his coal company office yesterday, police reported. The loss was \$30. Henretta is legless.

HI-Y CLUBS PLAN PRE-EASTER EVENT

Committees Named for Annual Services.

Plans for the annual Harding High school pre-Easter ceremonies were begun last night by the Senior Hi-Y's in their regular club meetings at the M. C. A. Each of the three Hi-Y clubs appointed a committee of three members to work with representatives from the Harding Girl Reserves on the ceremonies. The services, a leading event in the high school year, are usually held the week before Easter and culminate in an Easter morning service at the Harding tomb.

In the men of the junior class section of the Hi-Y, Earl N. Hale, secretary of the M. C. A., led the group in a discussion of Hi-Y problems and plans for the future. Citing examples of honest and competent men who succeeded in the face of great difficulties, Mr. Hale spoke on a theme chosen to bring out the true Hi-Y spirit.

The senior class Hi-Y visited the Marion county jail as its program for the evening. The sophomores held their regular meeting and discussed future activities for the club.

Idaho Orders Rationing of Liquor Supplies
By The Associated Press
BOISE, Idaho, March 31—Liquor was ordered rationed in Idaho, effective April 8.

Leland Rawson, superintendent of the state package agency system, said individual purchases per week will be limited to a quart each of whiskey, gin, rum and liquor. Wine was not rationed.

Idaho law limits liquor sales in the package agencies.

Ads not ordered for consecutive insertions will be charged at the one time rate, each time.

In placing ads allow five letters words to a line.

Charged ads in Marion and Marion county papers only will be received by telephone.

Ads ordered for three or six days and not ordered before expiration will only be charged for the number of times the ad appeared and adjustment made to the rate to extend.

Users in want ads will be charged an extra insertion given only when notification is made before the second insertion.

The publisher reserves the right to edit or reject any ads deemed objectionable.

Closing Time for Transient Classified Advertisements Is 11 A. M. the Day of Publication.

International Harvester Co. ASSISTANTS
Their Farm Implement Dealers

The International Harvester Company has announced that they will give additional assistance to their dealers, under their condition, and will help them maintain maximum service to their customers.

With this object in view, all complete machines available or allotted to a county in which a McCormick-Deering Store is located will be allotted to the dealers in that county and not to a McCormick-Deering Store. By so doing it will give the McCormick-Deering Dealers additional assistance to carry them through for the duration.

McCormick-Deering Stores will continue to supply adequate attachments and parts, and to render service to the farm trade as heretofore.

Pitfalls of Love

By ADELE GARRISON

"MARTY" Noel prompted, and I like me to do a job on this" he said.

"I don't know how you attend to other people's business, but I am not interested in the role she had played as to be incapable of coherent speech."

When they were alone, Olga spoke to her daughter.

"Olga, dear," she said, "you were also at that early rehearsal. If you are too tired to play any longer, we will all go to bed. I know, and though Olga did not glance at us, we all realized this was a polite but insistent dismissal of her daughter."

Olga took her cue at once, and I suspected she was glad of the chance to slip away and go over in memory her evening with Georges.

"I am very fatigued, Mama," she said, "and I shall be glad to be excused."

Asks Madge To Stay

She went, after graceful adieux to all of us, to her bedroom on the other side of the dining room, well out of earshot of anything we might say if the sound proof doors between the sitting room and dining room were closed. Olga attended to that as soon as Olga had gone into her own room.

"I am sorry my Philip, to be what do you say over here?" a voice called. Olga then said, "but I am sure I feel a draft. Would you mind closing the door?" And dear Madge, so all down, I want to be selfish and keep you and your husband a little longer."

"We are very glad to be kept, aren't we Dick?" I said, and he supported me staunchly.

"Don't know of anything I'd rather do," he said, then moved toward the fireplace. "Would you

YOUR HEALTH

By LOGAN CLENDENING, M. D.

Dyspepsia

Dyspepsia is an old-fashioned word which doctors rather shy away from using any more. Laymen use it a good deal and it seems to me it has a meaning. I think we can separate "stomach-ache" from indigestion.

Stomach-ache, if it is a real ache, colicky and recurrent, in most cases means a definite organic disease of the digestive apparatus, either ulcer of the stomach or gallstones or some of their complications.

Indigestion, or dyspepsia, means loss of appetite, gaseous eructations, regurgitation, fear of eating, flimsy food habits and perhaps a sense that all is not entirely well after a meal has been taken.

Of course, these symptoms also may be due to organic disease of the same kind that causes stomach-ache. In a series of 2,000 such cases about 35 per cent of them were found to be due to gallstones or ulcers. Most of them, however, are functional and not infrequently aggravated by apprehension.

In spite of the name, there is usually nothing very seriously wrong with the process of digestion. The digestive system, like most parts of the body, is able to do fairly good work in spite of quite severe organic disabilities. Thus, although many people have gallstones, they still are able to digest their food even if occasionally they have attacks which interrupt the food intake entirely.

The nervous patient who gets the idea in his head that indigestion means that he is not digesting his food thereby simply makes the condition worse. He has some disagreeable symptoms but digestion goes on just the same.

Among the most frequent of the disagreeable symptoms is gas—not pleasant, of course, but not necessarily serious. There is always some gas in the stomach as can be seen by X-ray, and some gas in the intestines. Contrary to the general belief, this gas is not caused by fermentation of food.

In 1906 a physician experimented on himself and found that he got rid of about one quart of gas a day. A chemical analysis of it showed that it was 10 per cent carbon dioxide, 1 per cent oxygen, 30 per cent marsh gas and 59 per cent nitrogen. This is not quite the composition of the air, but except for the low content of oxygen and the high content of marsh gas, it is fairly close.

Experiments on young, healthy athletes show that they exercise about a pint of gas a day. This indicates that at least there is nothing essentially dangerous or abnormal about the presence of gas. It is only when it gets excessive that it causes agitation.

Probably most gas that is eructated has been swallowed instead of resulting from the fermentation of food. Many nervous people are chronic air-swallowers. The most frequently found organic disease of the digestive apparatus which is associated with the passage of gas is gallstones.

Brown Promises Sugar for Home Canning

By The Associated Press

WASHINGTON, March 31 — OPA Administrator Prentiss M. Brown yesterday promised home canners a reasonable amount of sugar, and also indicated that he had pending proposals to take canned goods ration points from these canners.

Brown commented on home canning in a letter to Representative Bryan (R-Ohio) in which the OPA head said, "The OPA is now working on a program which will govern issuance of sugar for home canning. While details of this program are not ready for release at this time, I can assure you that reasonable amounts of sugar will be made available for the requirements of home canners of fruits and vegetables."

Aids of Prentiss Brown said this meant that few, if any, canned goods coupons would be extracted from purchasers of canning sugar, in spite of suggestions from OPA technicians that 2 to 12 canned goods points be deducted for each pound of canning sugar.

February Traffic Deaths Lowest in 16 Years

By The Associated Press

CHICAGO, March 31.—The national safety council said yesterday that the number of traffic deaths in February, 1942, total and 38 per cent lower than the all-time February high of 2,370 in 1931, the council said the figures provided additional evidence that the sharp declines in traffic deaths that started last year with wartime restrictions, apparently had "touched bottom."

The council said travel trends had not been determined but it believes that the death trends themselves "prompt the conclusion that mileage rationing now in effect probably has made its full effect in travel, and that wartime traffic will continue at present levels."

Visit At Prospect

By The Associated Press

Mr. and Mrs. Roy Dellinger and Mr. and Mrs. Frank Kepler, all of Marion, Mr. and Mrs. C. A. Biggerstaff of Mt. Gilead and Mrs. Harold Seebach of Prospect, were callers of C. W. Kepler at Prospect Sunday.

The Stars Say—

For Thursday, April 1

SUDDEN and undermining influences seem to threaten the constructive efforts and programs of this day. There may be a breaking down in both business and personal relations. However, at the same time a subduing and balancing of the temperament might be brought to bear on eccentric or wayward tendencies, with happy results.

Those whose birthday it is are confronted by a year in which the final results may be determined by the firm, resolute and logical use of restraint, reason and sense, counterbalancing a disposition to eccentric, impulsive or reckless outbursts of temperament.

A child born on this day while having sound mentality and profound insight yet may be swayed by emotional or erratic impulses to its detriment.

4370

Here are miracle-working lines in a slenderizing Anne Adams frock, Pattern 4370. It's a smart variation on the princess theme. The back has a simple panel. In front the seams curve in gracefully, making your waist look tiny. The scalloped neck-line and sleeves are very becoming.

Pattern 4370 is available only in women's sizes 36, 38, 40, 42, 44, 46, 48 and 50. Size 36 takes 4 yards 35-inch fabric.

Send sixteen cents in coins for this Anne Adams pattern. Write plainly name, address, style number.

Ten cents more brings you our Spring Pattern Book with its easy-to-make styles for everyone. Send your order to The Marion Star, Pattern Department, 243 West 17th St., New York, N. Y. Delivery of patterns may take a few days longer than usual because of the slowness of the mails.

Because of the slowness of the mails resulting from the heavy traffic at this time, delivery of patterns may take a few days longer than usual.
